

We Protect Your Valuable Real Estate Investment

A professional, cost effective and comprehensive management service for developers, investors and owners in Phuket and surrounding provinces

Project Management Service

As your appointed Project Manager, I will be personally responsible for your project from initial enquiry through to project completion and hand over.

Having successfully managed many real estate projects in Phuket for the last 12 years, I am confident can provide you the Client with a Professional and fully integrated service, to ensure your project is designed to the agreed specification and constructed within budget, time frame and to an

"internationally acceptable standard of finish and competitive fees".

Nicholas Sandford MCIQB, FFB

Degree in Construction Management. 30 years experience of managing projects. Last 12 years in Phuket
